Grades and origin

Hereby we, Mosselman, confirm that our product complies with the following grades:

- Food material
- Pharma application (Last version of European Pharmacopoeia)

The grade needed must be specified at each order!

Hereby we, Mosselman, confirm that our product is from:

- Animal origin

Allergens

Hereby we, Mosselman, confirm that:

- Our product is not manufactured to contain any of the products added in Annex III in the European Directive 2003/15/EC (7th amendment of the former Cosmetics Directive 76/768/EC), nor those listed as likely to cause allergic reaction

in Annex III of the European Regulation (EC) 1223/2009 and subsequent modifications on Cosmetic products.

- Based on information concerning raw materials, production process, and equipment used, food allergens as listed in Annex II of Regulation (EU) 1169/2011 are not likely to be present.

Molluscs and products thereof	NO

Animal testing

Hereby we, Mosselman, confirm that none of our products have been the subject of animal testing or retesting for cosmetic purposes by us.

Hereby we, Mosselman, confirm that this product has not been the subject of animal testing or retesting for cosmetic purposes.

This product complies to the requirements of the European Cosmetic Regulations:

- Council Directive 76/768/EEC relating cosmetic products
- its modification and amendments (notably Directive 2003/15/EEC of 27/02/2003) - and with the new Regulation (EC) No 1223/2009 on cosmetics products.

BSE/TSE Risk

Hereby we, Mosselman, confirm that our product complies with all relevant current EU legislative requirements regarding to BSE/TSE.

During the manufacturing process, our product does not come into contact with any materials which could be derived from BSE/TSE risk materials. All raw materials and processing materials used in the manufacture/ processing of the product do not contain or are not derived from any BSE/TSE risk materials.

We therefore have every reason to expect that this product is free of:

- Bovine Spongiform Encephalopathy (BSE)
- Transmissible Spongiform Encephalopathy (TSE)

Carcinogenic, Mutagenic and Reprotoxic (CMR)

Hereby we, Mosselman, confirm that based on the REACH registration, this product complies to the below confirmations:

- Genetic toxicity: No risk
- Carcinogenicity: No risk
- Toxicity to reproduction: No risk

This product is not classified as a Carcinogenic, Mutagenic or Reproduction-toxic substance of category 1, 2 and 3 as defined in European Regulation 1272/2008/EC and its subsequent modifications

For more information, please refer to the section 11 of the MSDS.

Dioxin

Hereby we, Mosselman, confirm that to the best of our knowledge that the above-mentioned product does not exceed legal limits for dioxins.

The requirements of this legislation are ensured through a controlled supply chain at all stages by exclusively employing approved suppliers and implementing a solid traceability system. Based on a risk analyze and a study of the manufacturing process, we consider that there is no potential for dioxin in this product.

Compliance for food material: 1881/2006 (and its amendment Regulation (EC) 2011/1259)

GMO Free

Hereby we, Mosselman, confirm that this product does not contain any raw material that originates from genetically modified organisms as defined by guideline 2001/18/EC.

Therefore, this product is not obliged to be labeled in accordance with regulation EC 1829/2003 and EC 1830/2003 of 22-09-2003.

Heavy metals

Hereby, Mosselman, certifies that based on knowledge of the manufacturing process and controlled handling, shipping and storage of this product, there is in no potential for heavy metals to be present in detectable concentration.

Irradiation

Hereby we, Mosselman, confirm that this product has not been irradiated during and after its manufacture.

Nanoparticles free

Hereby we, Mosselman, confirm that this product is free of Nanoparticles or materials produced via nanotechnology.

Nanomaterials as defined:

- Under Cosmetic Regulation n°1223/2009: "an insoluble or biopersistent and intentionally manufactured material with one or more external dimensions, or an internal structure, on the scale from 1 to 100 nm"
Completed by Cosmetics Europe: "for 10% or more of the particles in the number size distribution".
- Under French regulation (decree n°2012-232 and order) : "A manufactured material containing particles, in an unbound state or as an aggregate or as an agglomerate and where, for 50% or more of the particles in the number size distribution, one or more external dimensions is in the size range 1 nm - 100 nm"

Residual solvents

Hereby we, Mosselman, certify that based on knowledge of the manufacturing process and controlled handling, shipping and storage of these products manufactured, there is in no potential for residual solvents.
